**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

Claims rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1 and 4-10, 60-67, 81-86 are rejected under 35 U.S.C. 103(a) as being unpatentable over WO 97/37315.

receiving a first bid from a first bidder;

receiving a second bid from a second bidder, wherein the second bid is received at a time after the first bid is received;

determining, using a processor, based at least in part on receiving the second bid, that the second bidder meets a condition for receiving a first level of bid data (here the first level of bid data can read on the updated price see page 11, 10-11) wherein the first level of

bid data comprises information associated with the first bid; receiving a third bid from the second bidder; determining, based at least in part on receiving the third bid, that the second bidder meets a condition for receiving a second level of bid data (here the condition is second level bid data can be an new bid that trumps the third bid) the second level of bid data comprises additional information that is not included in the first level of bid data; and

displaying the second level of bid data to the second bidder.1

Thus the reference clearly anticipates the limitations of claims 4-6. Moreover, the reference by determining that the a new bid trumps the current bid, also teaches the limitations of claim 8 and 9, given

for example that there are only 2 bidders and 4 bids and that the first bidders places the first and second bid and the second bidder places the third and fourth bid.

Moreover, the reference renders obvious the limitations of claim 7 as it would have been obvious for one skilled in the art at the time to have put a time on the auction.

### *Conclusion*

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
